Canister made from 25% post-consumer recycled plastic.

All you have to do with Share's **SHOWROOM SHINE** waterless wash and wax is spray it on and buff it off. **SHOWROOM SHINE** thoroughly cleans and waxes any hard, smooth, nonporous surface quickly and easily. It not only removes dirt, road tar, bird droppings and even oxidation from your vehicles but it can also be used indoors to restore the shine on glossy painted surfaces like metal, glass, plastic and more.

SHOWROOM SHINE contains Carnauba wax to provide a deep and long lasting shine. Plus it's safe to use on all types of paint, including clear coat. Best of all, the waterless formula of **SHOWROOM SHINE** won't leave behind water spots.

DIRECTIONS

Spray product onto surface of vehicle, including glass. Apply over dirt, tar, grime, bird droppings, tree sap, and bug remains. Wipe product on with a clean cotton cloth. The product encapsulates dirt and grime to prevent scratching of your vehicle's finish. Wipe it off with a second clean, dry cotton cloth.

Note: Vehicle does not have to be washed prior to using SHOWROOM SHINE. However, do NOT apply on an extremely dirty surface containing heavy mud clumps.
