Safety Data Sheet

| SECTION 1: Product and company identification |                     |  |  |
|---|---------------------|--|--|
| Product name                                  | : Diamond Finish    |  |  |
| Use of the substance/mixture                  | : Cleaner           |  |  |
| Product code                                  | : 011901            |  |  |
| Company                                       | : Share Corporation |  |  |

| Company          |                            |
|------------------|----------------------------|
|                  | P.O. Box 245013            |
|                  | Milwaukee, WI 53224 - USA  |
|                  | T (414) 355-4000           |
| Emergency number | : Chemtrec: (800) 424-9300 |

### SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

#### **Classification (GHS-US)**

Skin Irrit. 2 H315 Eye Irrit. 2A H319 Skin Sens. 1 H317 Full text of H-phrases: see section 16

| 2.2. Label elements                 |  |
|-------------------------------------|--|
| GHS-US labeling                     |  |
| Hazard pictograms (GHS-US)          | GHS07  |
| Signal word (GHS-US) :              | Warning  |
| Hazard statements (GHS-US)          | Causes skin irritation<br>May cause an allergic skin reaction<br>Causes serious eye irritation   |
| Precautionary statements (GHS-US) : | Avoid breathing spray, mist<br>Wash thoroughly after handling<br>Contaminated work clothing must not be allowed out of the workplace<br>Wear eye protection, protective clothing, protective gloves<br>If on skin: Wash with plenty of water<br>If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present<br>and easy to do. Continue rinsing<br>If skin irritation or rash occurs: Get medical advice/attention<br>If eye irritation persists: Get medical advice/attention<br>Take off contaminated clothing and wash before reuse<br>Dispose of contents/container to comply with local/regional/national/international regulations. |

#### 2.3. Other hazards

No additional information available

2.4. Unknown acute toxicity (GHS US) Not applicable

#### **SECTION 3: Composition/information on ingredients**

#### 3.1. Substance

### Not applicable

#### Full text of H-phrases: see section 16

| 3.2. Mixture  |                     |     |  |  |
|---|---------------------|-----|--|--|
| Name  | Product identifier  | %   | Classification (GHS-US)  |  |
| hydrocarbons, C11-C14, n-alkanes, isoalkanes, cyclics, < 2% aromatics | (CAS No) 64742-47-8 | 3-7 | Flam. Liq. 4, H227<br>Asp. Tox. 1, H304  |  |
| (+)-limonene  | (CAS No) 5989-27-5  | 1-5 | Flam. Liq. 3, H226<br>Skin Irrit. 2, H315<br>Skin Sens. 1, H317<br>Asp. Tox. 1, H304 |  |

Safety Data Sheet

| Name       | Product identifier | %   | Classification (GHS-US)   |
|------------|--------------------|-----|---|
| morpholine | (CAS No) 110-91-8  | 1-5 | Flam. Liq. 3, H226<br>Acute Tox. 4 (Oral), H302<br>Acute Tox. 3 (Dermal), H311<br>Skin Corr. 1A, H314 |

| SECTION 4: First aid measures            |        |   |
|--|--------|---|
| 4.1. Description of first aid measures   |        |   |
| First-aid measures general               | :      | If you feel unwell, seek medical advice (show the label where possible).  |
| First-aid measures after inhalation      | :      | Remove the victim into fresh air.   |
| First-aid measures after skin contact    | :      | Take off immediately all contaminated clothing and wash it before reuse. Wash skin with plenty of water. Soap may be used. If skin irritation or rash occurs: Get medical advice/attention. |
| First-aid measures after eye contact     | :      | Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.              |
| First-aid measures after ingestion       | :      | Rinse mouth with water. Do NOT induce vomiting. Consult a doctor/medical service if you feel unwell.  |
| 4.2. Most important symptoms and effect  | ts, bo | oth acute and delayed   |
| Symptoms/injuries                        | :      | Not expected to present a significant hazard under anticipated conditions of normal use.  |
| Symptoms/injuries after inhalation       | :      | None under normal use.  |
| Symptoms/injuries after skin contact     | :      | Causes skin irritation. May cause an allergic skin reaction. Repeated exposure may cause skin dryness or cracking.  |
| Symptoms/injuries after eye contact      | :      | Causes serious eye irritation.  |
| Symptoms/injuries after ingestion        | :      | Gastrointestinal complaints. Vomiting. Nausea.  |
| 4.3. Indication of any immediate medical | atte   | ntion and special treatment needed  |

| 4.3. Indication of any immediate medical attention and special treatment needed<br>Treat symptomatically. |  |  |  |
|---|--|--|--|
| <b>SECTION 5: Firefighting mea</b>  | sures  |  |  |
| 5.1. Extinguishing media  |  |  |  |
| Suitable extinguishing media  | : Carbon dioxide. Water. Foam. Dry chemical powder.  |  |  |
| 5.2. Special hazards arising from th  | e substance or mixture   |  |  |
| Reactivity  | : Upon combustion: CO and CO2 are formed.  |  |  |
| 5.3. Advice for firefighters  |  |  |  |
| Firefighting instructions   | <ul> <li>Exercise caution when fighting any chemical fire. Use water spray or fog for cooling exposed<br/>containers. Take account of environmentally hazardous firefighting water.</li> </ul> |  |  |
| Protection during firefighting  | : Do not enter fire area without proper protective equipment, including respiratory protection.  |  |  |
| SECTION 6: Accidental release   | se measures  |  |  |

| SECTION 0: Accidental rel             | leuse meusures                   |                                     |  |          |
|---------------------------------------|----------------------------------|-------------------------------------|--|----------|
| 6.1. Personal precautions, protection |                                  |                                     |  |          |
| General measures                      | : Isolate from fire, if          | possible, without unnecessary ris   | k.   |          |
| 6.1.1. For non-emergency pers         | sonnel                           |                                     |  |          |
| Protective equipment                  | : Protective goggles             | 3. Gloves. Protective clothing.     |  |          |
| Emergency procedures                  | : Evacuate unneces               | ssary personnel. Avoid contact wit  | h skin, eyes and clothing. Ventilate spillage are  | a.       |
| 6.1.2. For emergency responde         | ers                              |                                     |  |          |
| Protective equipment                  | : Use personal prot              | ective equipment as required.       |  |          |
| Emergency procedures                  | : Stop leak if safe to           | o do so. Stop release. Ventilate ar | ea.  |          |
| 6.2. Environmental precautions        |                                  |                                     |  |          |
| Avoid release to the environment      | . Prevent entry to sewers and pu | iblic waters.                       |  |          |
| 6.3. Methods and material for co      | ontainment and cleaning up       |                                     |  |          |
| For containment                       | : Contain released               | substance, pump into suitable cor   | itainers.  |          |
| Methods for cleaning up               | : This material and              | its container must be disposed of   | in a safe way, and as per local legislation.   |          |
| 6.4. Reference to other sections      |                                  |                                     |  |          |
| No additional information availabl    | le                               |                                     |  |          |
| <b>SECTION 7: Handling and</b>        | storage                          |                                     |  |          |
| 7.1. Precautions for safe handlin     | ıg                               |                                     |  |          |
| Precautions for safe handling         | understood. Use p                |                                     | until all safety precautions have been read and<br>required. Do not eat, drink or smoke when using<br>ing. | ]        |
| Hygiene measures                      | : Wash thoroughly a              | after handling. Wash contaminate    | d clothing before reuse.   |          |
| Date of issue: 6/22/2015              | Revision date: 05/06/2015        | Version: 1.0                        | P GHS SDS Page   | e 2 of 6 |

### Safety Data Sheet

| 7.2. Conditions for safe storage, in |  |  |
|--------------------------------------|--|--|
| Technical measures                   | : Comply with applicable regulations.                |  |
| Storage conditions                   | : Keep container closed when not in use.             |  |
| Incompatible products                | : Oxidizing agent.                                   |  |
| Incompatible materials               | : Sources of ignition.                               |  |
| Storage area                         | : Meet the legal requirements. Store in a cool area. |  |
| Special rules on packaging           | : Keep only in original container.                   |  |

#### SECTION 8: Exposure controls/personal protection

#### 8.1. Control parameters

| morpholine (110-91-8) |                  |        |
|-----------------------|------------------|--------|
| ACGIH                 | ACGIH TWA (ppm)  | 20 ppm |
| ACGIH                 | ACGIH STEL (ppm) | 20 ppm |

#### 8.2. Exposure controls

Personal protective equipment

: Safety glasses. Protective clothing. Gloves. Use appropriate personal protective equipment when risk assessment indicates this is necessary.

#### SECTION 9: Physical and chemical properties

| 9.1. Information on basic physical and chemical | pr | operties              |
|---|----|-----------------------|
| Physical state                                  | :  | Liquid                |
| Appearance                                      | :  | white, opaque liquid. |
| Odor  | :  | Citrus scent          |
| Odor threshold                                  | :  | No data available     |
| рН  | :  | 8.5 - 9               |
| Melting point                                   | :  | No data available     |
| Freezing point                                  | :  | No data available     |
| Boiling point                                   | :  | No data available     |
| Flash point                                     | :  | > 200 °F Closed Cup   |
| Relative evaporation rate (butyl acetate=1)     | :  | No data available     |
| Flammability (solid, gas)                       | :  | No data available     |
| Explosion limits                                | :  | No data available     |
| Explosive properties                            | :  | No data available     |
| Oxidizing properties                            | :  | No data available     |
| Vapor pressure                                  | :  | No data available     |
| Relative density                                | :  | No data available     |
| Relative vapor density at 20 °C                 | :  | No data available     |
| Specific gravity / density                      | :  | 1.02 g/ml             |
| Solubility                                      | :  | Miscible              |
| Log Pow   | :  | No data available     |
| Log Kow   | :  | No data available     |
| Auto-ignition temperature                       | :  | No data available     |
| Decomposition temperature                       | :  | No data available     |
| Viscosity                                       | :  | No data available     |
| Viscosity, kinematic                            | :  | No data available     |
| Viscosity, dynamic                              | :  | No data available     |
| VOC content                                     | :  | < 5 %                 |

### SECTION 10: Stability and reactivity

| 10.1. Reactivity                        |                           |  |
|---|---------------------------|--|
| Upon combustion: CO and CO2 are formed. |                           |  |
| Date of issue: 6/22/2015                | Revision date: 05/06/2015 |  |

Version: 1.0

Safety Data Sheet

**10.2.** Chemical stability No additional information available

**10.3. Possibility of hazardous reactions** Refer to section 10.1 on Reactivity.

**10.4.** Conditions to avoid No additional information available

**10.5. Incompatible materials** No additional information available

**10.6. Hazardous decomposition products** 

Under normal conditions of storage and use, hazardous decomposition products should not be produced.

#### SECTION 11: Toxicological information

11.1. Information on toxicological effects

Acute toxicity

: Not classified

| LD50 dermal rabbit                                 | > 5000 mg/kg body weight (Rabbit; Literature)   |  |
|--|---|--|
| (+)-limonene (5989-27-5)                           |   |  |
| LD50 oral rat                                      | 4400 mg/kg body weight (Rat; OECD 423: Acute Oral Toxicity – Acute Toxic Class Method; Literature study; > 2000 mg/kg bodyweight; Rat; Read-across) |  |
| LD50 dermal rabbit                                 | > 5000 mg/kg body weight (Rabbit; Weight of evidence; Equivalent or similar to OECD 402)  |  |
| ATE CLP (oral)                                     | 4400.000 mg/kg body weight  |  |
| morpholine (110-91-8)                              |   |  |
| LD50 oral rat                                      | 1420 mg/kg (Rat)  |  |
| LD50 dermal rabbit                                 | 500 mg/kg (Rabbit)  |  |
| ATE CLP (oral)                                     | 1420.000 mg/kg body weight  |  |
| ATE CLP (dermal)                                   | 500.000 mg/kg body weight   |  |
| ATE CLP (gases)                                    | 4500.000 ppmV/4h  |  |
| ATE CLP (vapors)                                   | 11.000 mg/l/4h  |  |
| ATE CLP (dust, mist)                               | 1.500 mg/l/4h   |  |
| Skin corrosion/irritation                          | : Causes skin irritation.   |  |
|  | pH: 8.5 - 9   |  |
| Serious eye damage/irritation                      | : Causes serious eye irritation.  |  |
|  | pH: 8.5 - 9   |  |
| Respiratory or skin sensitization                  | : May cause an allergic skin reaction.  |  |
| Germ cell mutagenicity                             | : Not classified  |  |
| Carcinogenicity                                    | : Not classified  |  |
| (+)-limonene (5989-27-5)                           |   |  |
| IARC group   | 3 - Not Classifiable  |  |
| morpholine (110-91-8)                              |   |  |
| IARC group   | 3 - Not Classifiable  |  |
| Reproductive toxicity                              | Not classified  |  |
| Specific target organ toxicity (single exposure)   | : Not classified  |  |
| Specific target organ toxicity (repeated exposure) | : Not classified  |  |
| Aspiration hazard                                  | : Not classified  |  |
| Symptoms/injuries after inhalation                 | : None under normal use.  |  |
| Symptoms/injuries after skin contact               | <ul> <li>Causes skin irritation. May cause an allergic skin reaction. Repeated exposure may cause sk<br/>dryness or cracking.</li> </ul>            |  |
| Symptoms/injuries after eye contact                | : Causes serious eve irritation.  |  |
| Symptoms/injuries after ingestion                  | : Gastrointestinal complaints. Vomiting. Nausea.  |  |

## SECTION 12: Ecological information

12.1. Toxicity

hydrocarbons, C11-C14, n-alkanes, isoalkanes, cyclics, < 2% aromatics (64742-47-8)

### Safety Data Sheet

| arety Data Sheet   | CORP   |  |  |
|--|--|--|--|
| hydrocarbons, C11-C14, n-alkanes, isoalkane  | es, cyclics, < 2% aromatics (64742-47-8)   |  |  |
| LC50 fish 1  | > 100 mg/l (Pisces)  |  |  |

## SECTION 13: Disposal considerations

**13.1. Waste treatment methods** Waste disposal recommendations

: Dispose in a safe manner in accordance with local/national regulations.

### **SECTION 14: Transport information**

Department of Transportation (DOT)

### Safety Data Sheet

In accordance with DOT : Not regulated for transport Additional information Other information : No suppl

: No supplementary information available.

#### ADR

No additional information available Transport by sea

No additional information available Air transport

No additional information available

#### **SECTION 15: Regulatory information**

All components of this product are listed, or excluded from listing, on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory.

This product or mixture does not contain a toxic chemical or chemicals in excess of the applicable de minimis concentration as specified in 40 CFR §372.38(a) subject to the reporting requirements of section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372.

California Proposition 65 - This product contains, or may contain, trace quantities of a substance(s) known to the state of California to cause cancer and/or reproductive toxicity

#### **SECTION 16: Other information**

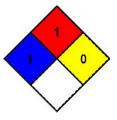

Training advice

: Normal use of this product shall imply use in accordance with the instructions on the packaging.

Full text of H-phrases:

| Acute Tox. 3 (Dermal) | Acute toxicity (dermal) Category 3            |
|-----------------------|---|
| Acute Tox. 4 (Oral)   | Acute toxicity (oral) Category 4              |
| Asp. Tox. 1           | Aspiration hazard Category 1                  |
| Eye Irrit. 2A         | Serious eye damage/eye irritation Category 2A |
| Flam. Liq. 3          | Flammable liquids Category 3                  |
| Flam. Liq. 4          | Flammable liquids Category 4                  |
| Skin Corr. 1A         | Skin corrosion/irritation Category 1A         |
| Skin Irrit. 2         | Skin corrosion/irritation Category 2          |
| Skin Sens. 1          | Skin sensitization Category 1                 |
| H226                  | Flammable liquid and vapor                    |
| H227                  | Combustible liquid                            |
| H302                  | Harmful if swallowed                          |
| H304                  | May be fatal if swallowed and enters airways  |
| H311                  | Toxic in contact with skin                    |
| H314                  | Causes severe skin burns and eye damage       |
| H315                  | Causes skin irritation                        |
| H317                  | May cause an allergic skin reaction           |
| H319                  | Causes serious eye irritation                 |

| NFPA health hazard | : | 1 - Exposure could cause irritation but only minor residual injury even if no treatment is given. |
|--------------------|---|---|
| NFPA fire hazard   | : | 1 - Must be preheated before ignition can occur.  |
| NFPA reactivity    | : | 0 - Normally stable, even under fire exposure conditions, and are not reactive with water.        |
