STORAGE: Store locked up. Store in corrosive resistant container with a resistant inner liner.

DISPOSAL: Dispose of contents/container to comply with local/ regional/national/international regulations.

A WARNING: This product can expose you to formaldehyde, which is known to the State of California to cause cancer. For more information go to www.P65Warnings.ca.gov.

POLYMER CLEANER is specially formulated to remove spilled wastewater treatment polymers and flocculents from pipes, concrete floors and walls. This carefully selected blend of ingredients neutralizes and disperses these sticky polymers for easy removal. POLYMER CLEANER contains 0.2% phosphorous.

DIRECTIONS: Add 12 ounces of POLYMER CLEANER per gallon of warm water. Mop or spray this solution directly onto spill, allow a few seconds for product to act and rinse thoroughly.
