PRECAUTIONARY STATEMENTS

INZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Do not use in rooms or areas where infants, ill, or aged persons are confined. Keep out of reach of children. Do not store where children can get or under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Expose to temperatures above 130°F may cause bursting.

FIRST AID

If swallowed: Call poison control center or doctor immediately for treatment advice. Do not give any liquid to the person. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. Do not rub skin, but splash water on the area of contact.

If in eyes: Hold eyes open and rinse slowly and gently with water for 15-20 min. Remove contact lenses, if present, after the first 5 min., then continue rinsing eyes. Call a poison control center or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.

Have the product container or label with you when calling a poison control center or doctor for further treatment advice.

KILLS: FLIES, MOSQUITOES AND GITNS

This time released aerosol is to be used only in commercial food service and preparation areas of milk houses, hospitals, hotels, motels, factories, stores, ships, clubs, restaurants, schools.

ACTIVE INGREDIENTS:

Permethrin 0.965%

Butoxyethanol (Technical) 5.365%

N,N-Diethyl-meta-toluamide 3.00%

OTHER INGREDIENTS: 94.70%

Equivalent: 5.4 acetic acid (6-propylpenicillin)

other and 9.9% inert compounds

MGK-753 Sterile Solution

Contains 2% propylene glycol

MGK-PHP Sterile solution of Mclaurin Bostley King Co

EPA REG NO. 3862-134-13103 EPA EST NO. 9143-1X-11

KEEP OUT OF REACH OF CHILDREN

Caution

See additional precautionary statements on back panel.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. READ ENTIRE LABEL BEFORE EACH USE.

FOR USE IN AUTOMATIC DISPENSERS: Install at a distance of at least 7 feet from the floor and where air currents will carry spray throughout room. One dispensing unit should be installed for each 6,000 cubic feet of space to be treated. Set the dispenser to active the 54.9 valve once every 15 minutes. Usually the effectiveness will be noticeable within one hour after the dispenser is activated. Keep in mind that such factors as air flow, size of space treated, humidity and room temperature all affect insect activity and control. As with any method of insect control, best results are achieved when sanitation and other positive insect prevention practices are followed. This 3.5 oz can of insect killer contains approximately 3,400 'shots' sufficient to sustain operation for a total of 850 hours (35 days on average) through the dispenser.

STORAGE AND DISPOSAL

STORAGE: Store in a cool area away from heat or open flame.

DISPOSAL: Do Not Puncture or Incinerate. If empty: Place in trash or offer for recycling if available. If partially filled: Call your local waste agency for disposal instructions.
