Brisk Beads - Fresh N Clean

Safety Data Sheet

Ourory Data Oneot		_
SECTION 1: Product and	company identification	
Product name	: Brisk Beads - Fresh N Clean	
Use of the substance/mixture	: Odorant	
Product code	: 145001	
Company	: Share Corporation	
	P.O. Box 245013	
	Milwaukee, WI 53224 - USA T (414) 355-4000	
Emergency number	: Chemtrec: (800) 424-9300	
<u> </u>		
SECTION 2: Hazards ide		
2.1. Classification of the subst	ance or mixture	
Classification (GHS-US)		
Skin Sens. 1 H317		
Full text of H-phrases: see sect	tion 16	
2.2. Label elements		
GHS-US labeling		
Hazard pictograms (GHS-US)	GHS07	
Signal word (GHS-US)	: Warning	
Hazard statements (GHS-US)	: May cause an allergic skin reaction	
Precautionary statements (GHS		
	Contaminated work clothing must not be allowed out of the workplace Wear protective gloves	
	If on skin: Wash with plenty of soap and water	
	Specific treatment (see First aid measures on this label)	
	If skin irritation or rash occurs: Get medical advice/attention Take off contaminated clothing and wash it before reuse	
	Dispose of contents/container to comply with local/regional/national/international regulations	5
2.3. Other hazards		
No additional information availa		
2.4. Unknown acute toxicity (Not applicable	GHS US)	
·	n/information on ingredients	
3.1. Substance Not applicable		
Full text of H-phrases: see sec	tion 16	

Full text of H-phrases: see section 16

3.2. Mixture

Not applicable Full text of H-phrases: see section 16

SECTION 4: First aid measures		
4.1. Description of first aid measures		
First-aid measures general	: If you feel unwell, seek medical advice (show the label where possible).	
First-aid measures after inhalation	: Remove the victim into fresh air. If you feel unwell, seek medical advice.	
First-aid measures after skin contact	: Take off contaminated clothing and wash it before reuse. Wash with plenty of soap and water. If skin irritation or rash occurs: Get medical advice/attention.	
First-aid measures after eye contact	: Rinse immediately with plenty of water. Remove contact lenses, if present and easy to do. Continue rinsing.	
First-aid measures after ingestion	: Rinse mouth with water. Do NOT induce vomiting. Immediately call a poison center or doctor/physician.	
4.2. Most important symptoms and effects, both acute and delayed		
Symptoms/injuries	: Not expected to present a significant hazard under anticipated conditions of normal use.	
Symptoms/injuries after inhalation	: May cause respiratory irritation.	
Symptoms/injuries after skin contact	: May cause an allergic skin reaction. Repeated exposure may cause skin dryness or cracking.	

Drick Doods Erach N Clean

Symptoms/injuries after eye contact	: Direct contact with the eyes is likely irritating.
Symptoms/injuries after ingestion	: Gastrointestinal complaints. Cramps/uncontrolled muscular contractions. Nausea. Vomiting.
I.3. Indication of any immediate medica No additional information available	al attention and special treatment needed
SECTION 5: Firefighting measur	es
5.1. Extinguishing media Suitable extinguishing media	: All extinguishing media allowed.
5.2. Special hazards arising from the su Reactivity	bstance or mixture : Under fire conditions may produce gases such as hydrogen chloride and oxides of carbon and nitrogen.
5.3. Advice for firefighters	
Firefighting instructions	 Exercise caution when fighting any chemical fire. Use water spray or fog for cooling exposed containers. Take account of environmentally hazardous firefighting water.
Protection during firefighting	: Do not enter fire area without proper protective equipment, including respiratory protection.
SECTION 6: Accidental release n	neasures
6.1. Personal precautions, protective eq	
General measures	: Isolate from fire, if possible, without unnecessary risk.
6.1.1. For non-emergency personnel	
Protective equipment	: Safety glasses. Gloves. Protective clothing.
Emergency procedures	: Evacuate unnecessary personnel. Avoid contact with skin, eyes and clothing. Ventilate spillage area.
6.1.2. For emergency responders	
Protective equipment	: Equip cleanup crew with proper protection.
Emergency procedures	: Stop leak if safe to do so. Stop release. Ventilate area.
6.2. Environmental precautions Avoid release to the environment. Preve	nt entry to sewers and public waters.
6.3. Methods and material for containm	ient and cleaning up
For containment	: Contain released substance, pump into suitable containers.
Methods for cleaning up	: This material and its container must be disposed of in a safe way, and as per local legislation.
6.4. Reference to other sections No additional information available	
SECTION 7: Handling and stora	ge
7.1. Precautions for safe handling	
Precautions for safe handling	: Comply with the legal requirements. Do not handle until all safety precautions have been read and understood. Use personal protective equipment as required. Do not eat, drink or smoke when using this product.
Hygiene measures	: Wash thoroughly after handling. Contaminated work clothing should not be allowed out of the workplace. Wash contaminated clothing before reuse.
7.2. Conditions for safe storage, including	
Technical measures	: Comply with applicable regulations.
Storage conditions	: Keep container closed when not in use.
Incompatible products	: Oxidizing agent. strong acids. Strong bases.
Storage area	: Meet the legal requirements. Store in a cool area.
Special rules on packaging	: meet the legal requirements. Keep only in original container.
SECTION 8: Exposure controls/p	ersonal protection

8.2. Exposure controls Personal protective equipment

Brisk Beads - Fresh N Clean

Safety Data Sheet

SECTION 9: Physical and chemical properties			
9.1. Information on basic physical and chemical properties			
Physical state	: Solid		
Appearance	: Blue. Opaque. Spheres.		
Odor	: Fresh		
Odor threshold	: No data available		
рН	: No data available		
Melting point	: No data available		
Freezing point	: No data available		
Boiling point	: No data available		
Flash point	: No data available		
Relative evaporation rate (butyl acetate=1)	: No data available		
Flammability (solid, gas)	: No data available		
Explosion limits	: No data available		
Explosive properties	: No data available		
Oxidizing properties	: No data available		
Vapor pressure	: No data available		
Relative density	: No data available		
Relative vapor density at 20 °C	: No data available		
Specific gravity / density	: 1.05 g/ml Beads only, not including bag		
Solubility	: No data available		
Log Pow	: No data available		
Log Kow	: No data available		
Auto-ignition temperature	: No data available		
Decomposition temperature	: No data available		
Viscosity	: No data available		
Viscosity, kinematic	: No data available		
Viscosity, dynamic	: No data available		

SECTION 10: Stability and reactivity

10.1. Reactivity

Under fire conditions may produce gases such as hydrogen chloride and oxides of carbon and nitrogen.

10.2. Chemical stability

No additional information available

10.3. Possibility of hazardous reactions Refer to section 10.1 on Reactivity.

10.4. Conditions to avoid No additional information available

10.5. Incompatible materials No additional information available

SECTION 11: Toxicological information		
11.1. Information on toxicological effects		
Acute toxicity	: Not classified	
Skin corrosion/irritation	: Not classified	
Serious eye damage/irritation	: Not classified	
Respiratory or skin sensitization	: May cause an allergic skin reaction.	
Germ cell mutagenicity	: Not classified	
Carcinogenicity	: Not classified	
Reproductive toxicity	: Not classified

Sale	10 12	112 N	IAAL

Specific target organ toxicity (repeated exposure)	: Not classified
Aspiration hazard	: Not classified
Symptoms/injuries after inhalation	: May cause respiratory irritation.
Symptoms/injuries after skin contact	: May cause an allergic skin reaction. Repeated exposure may cause skin dryness or cracking.
Symptoms/injuries after eye contact	: Direct contact with the eyes is likely irritating.
Symptoms/injuries after ingestion	: Gastrointestinal complaints. Cramps/uncontrolled muscular contractions. Nausea. Vomiting.
SECTION 12: Ecological information	1
12.1. Toxicity	
No additional information available	
12.2. Persistence and degradability	
No additional information available	
12.3. Bioaccumulative potential	
No additional information available	
SECTION 13: Disposal consideration	18
13.1. Waste treatment methods	
Waste disposal recommendations	: Dispose in a safe manner in accordance with local/national regulations.
SECTION 14: Transport information	1
Department of Transportation (DOT)	a
In accordance with DOT : Not regulated f	for transport
Additional information	
Other information	: No supplementary information available.
ADR	
No additional information available	
Transport by sea No additional information available	
Air transport No additional information available	
SECTION 15: Regulatory informatio	

This product or mixture does not contain a toxic chemical or chemicals in excess of the applicable de minimis concentration as specified in 40 CFR §372.38(a) subject to the reporting requirements of section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372.

California Proposition 65 - This product does not contain trace quantities of a substance(s) known to the state of California to cause cancer and/or reproductive toxicity

SECTION 16: Oth	r information
Training advice	: Normal use of this product shall imply use in accordance with the instructions on the packaging.
Full text of H-phrases:	
Skin Sens. 1	Skin sensitization Category 1
H317	May cause an allergic skin reaction
	 1 - Exposure could cause irritation but only minor residual injury even if no treatment is given. 1 - Must be preheated before ignition can occur. 0 - Normally stable, even under fire exposure conditions, and are not reactive with water.

Classification (GHS-US) Skin Sens. 1 H317 Full text of H-phrases: see section 16 2.2. Label elements	
GHS-US labeling	
Hazard pictograms (GHS-US)	: GHS07
Signal word (GHS-US) Hazard statements (GHS-US) Precautionary statements (GHS-US)	 Warning May cause an allergic skin reaction Avoid breathing vapors Contaminated work clothing must not be allowed out of the workplace Wear protective gloves If on skin: Wash with plenty of soap and water Specific treatment (see First aid measures on this label) If skin irritation or rash occurs: Get medical advice/attention Take off contaminated clothing and wash it before reuse Dispose of contents/container to comply with local/regional/national/international regulations
2.3. Other hazards No additional information available	
2.4. Unknown acute toxicity (GHS US) Not applicable	
SECTION 3: Composition/infor	mation on ingredients
 3.1. Substance Not applicable Full text of H-phrases: see section 16 3.2. Mixture 	
Not applicable Full text of H-phrases: see section 16	
SECTION 4: First aid measures	
4.1. Description of first aid measures First-aid measures general First-aid measures after inhalation First-aid measures after skin contact First-aid measures after eye contact	 If you feel unwell, seek medical advice (show the label where possible). Remove the victim into fresh air. If you feel unwell, seek medical advice. Take off contaminated clothing and wash it before reuse. Wash with plenty of soap and water. If skin irritation or rash occurs: Get medical advice/attention. Rinse immediately with plenty of water. Remove contact lenses, if present and easy to do. Continue
First-aid measures after ingestion 4.2. Most important symptoms and eff	rinsing. Rinse mouth with water. Do NOT induce vomiting. Immediately call a poison center or doctor/physician.
4.2. Most important symptoms and en Symptoms/injuries	. Not expected to present a significant hazard under anticipated conditions of normal use

4.2. Most important symptoms and effect	ts, b	oth acute and delayed
Symptoms/injuries	:	Not expected to present a significant hazard under anticipated conditions of normal use.
Symptoms/injuries after inhalation	:	May cause respiratory irritation.
Symptoms/injuries after skin contact	:	May cause an allergic skin reaction. Repeated exposure may cause skin dryness or cracking.

Brisk Beads – Cherry

Safety Data Sheet

 Symptoms/injuries after eye contact
 : Direct contact with the eyes is likely irritating.

 Symptoms/injuries after ingestion
 : Gastrointestinal complaints. Cramps/uncontrolled muscular contractions. Nausea. Vomiting.

 4.3. Indication of any immediate medical attention and special treatment needed
 No additional information available

 SECTION 5: Firefighting measures

SECTION 5: Firenginning measures	ires
5.1. Extinguishing media	
Suitable extinguishing media	: All extinguishing media allowed.
5.2. Special hazards arising from the	substance or mixture
Reactivity	: Under fire conditions may produce gases such as hydrogen chloride and oxides of carbon and nitrogen.
5.3. Advice for firefighters	
Firefighting instructions	: Exercise caution when fighting any chemical fire. Use water spray or fog for cooling exposed containers. Take account of environmentally hazardous firefighting water.
Protection during firefighting	: Do not enter fire area without proper protective equipment, including respiratory protection.
SECTION 6: Accidental release	measures
6.1. Personal precautions, protective	equipment and emergency procedures
General measures	: Isolate from fire, if possible, without unnecessary risk.
6.1.1. For non-emergency personne	31
Protective equipment	· Safety classes Cloves Protective clothing

Protective equipment	: Safety glasses. Gloves. Protective clothing.
Emergency procedures	: Evacuate unnecessary personnel. Avoid contact with skin, eyes and clothing. Ventilate spillage area.
6.1.2. For emergency responders	
Protective equipment	: Equip cleanup crew with proper protection.
Emergency procedures	: Stop leak if safe to do so. Stop release. Ventilate area.

6.2. Environmental precautions

Avoid release to the environment. Prevent entry to sewers and public waters.

6.3. Methods and material for containme	nt and cleaning up
For containment	: Contain released substance, pump into suitable containers.
Methods for cleaning up	: This material and its container must be disposed of in a safe way, and as per local legislation.

6.4. Reference to other sections No additional information available

SECTION 7: Handling and storage	
7.1. Precautions for safe handling	
Precautions for safe handling	Comply with the legal requirements. Do not handle until all safety precautions have been read and understood. Use personal protective equipment as required. Do not eat, drink or smoke when using this product.
Hygiene measures	Wash thoroughly after handling. Contaminated work clothing should not be allowed out of the workplace. Wash contaminated clothing before reuse.
7.2. Conditions for safe storage, including	incompatibilities
Technical measures	Comply with applicable regulations.
Storage conditions	Keep container closed when not in use.
Incompatible products	Oxidizing agent. strong acids. Strong bases.
Storage area	Meet the legal requirements. Store in a cool area.
Special rules on packaging	meet the legal requirements. Keep only in original container.

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

No additional information available

8.2. Exposure controls

Personal protective equipment

Brisk Beads – Cherry

SECTION 9: Physical and chemical properties

Safety Data Sheet

9.1. Information on basic physical and chemi	ical properties
Physical state	: Solid
Appearance	: Blue. Opaque. Spheres.
Odor	: Fresh
Odor threshold	: No data available
рН	: No data available
Melting point	: No data available
Freezing point	: No data available
Boiling point	: No data available
Flash point	: No data available
Relative evaporation rate (butyl acetate=1)	: No data available
Flammability (solid, gas)	: No data available
Explosion limits	: No data available
Explosive properties	: No data available
Oxidizing properties	: No data available
Vapor pressure	: No data available
Relative density	: No data available
Relative vapor density at 20 °C	: No data available
Specific gravity / density	: 1.05 g/ml Beads only, not including bag
Solubility	: No data available
Log Pow	: No data available
Log Kow	: No data available
Auto-ignition temperature	: No data available
Decomposition temperature	: No data available
Viscosity	: No data available
Viscosity, kinematic	: No data available
Viscosity, dynamic	: No data available

SECTION 10: Stability and reactivity

10.1. Reactivity

Under fire conditions may produce gases such as hydrogen chloride and oxides of carbon and nitrogen.

10.2. Chemical stability

No additional information available

10.3. Possibility of hazardous reactions Refer to section 10.1 on Reactivity.

10.4. Conditions to avoid No additional information available

10.5. Incompatible materials No additional information available

SECTION 11: Toxicological information	n
11.1. Information on toxicological effects	
Acute toxicity	: Not classified
Skin corrosion/irritation	: Not classified
Serious eye damage/irritation	: Not classified
Respiratory or skin sensitization	: May cause an allergic skin reaction.
Germ cell mutagenicity	: Not classified
Carcinogenicity	: Not classified
Reproductive toxicity	: Not classified

Brisk Beads – Cherry Safety Data Sheet

Safety Data Sheet	CORP
Specific target organ toxicity (repeated exposure)	: Not classified
Aspiration hazard	: Not classified
Symptoms/injuries after inhalation	: May cause respiratory irritation.
Symptoms/injuries after skin contact	: May cause an allergic skin reaction. Repeated exposure may cause skin dryness or cracking.
Symptoms/injuries after eye contact	: Direct contact with the eyes is likely irritating.
Symptoms/injuries after ingestion	: Gastrointestinal complaints. Cramps/uncontrolled muscular contractions. Nausea. Vomiting.
SECTION 12: Ecological information	n
12.1. Toxicity	
No additional information available	
12.2. Persistence and degradability	
No additional information available	
12.3. Bioaccumulative potential	
No additional information available	
SECTION 13: Disposal consideration	hS and a second s
13.1. Waste treatment methods	
Naste disposal recommendations	: Dispose in a safe manner in accordance with local/national regulations.
SECTION 14: Transport information	n
Department of Transportation (DOT)	
n accordance with DOT : Not regulated t Additional information	for transport
Other information	: No supplementary information available.
ADR No additional information available	
Fransport by sea	
No additional information available	
Air transport	
No additional information available	
SECTION 15: Regulatory information)n
All components of this product are listed, or Control Act (TSCA) inventory	excluded from listing, on the United States Environmental Protection Agency Toxic Substances

This product or mixture does not contain a toxic chemical or chemicals in excess of the applicable de minimis concentration as specified in 40 CFR §372.38(a) subject to the reporting requirements of section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372.

California Proposition 65 - This product does not contain trace quantities of a substance(s) known to the state of California to cause cancer and/or reproductive toxicity

Training advice	: Normal use of this product shall imply use in accordance with the instructions on the packaging.
Full text of H-phrases:	
Skin Sens. 1	Skin sensitization Category 1
H317	May cause an allergic skin reaction
	Exposure could cause irritation but only minor residual injury even if no treatment is given. Must be preheated before ignition can occur.
NFPA reactivity : 0 -	lormally stable, even under fire exposure conditions, and are not reactive with water.

Prepared by: Technical Department

 First-aid measures after eye contact
 : Take off contaminated clothing and wash it before reuse. Wash with plenty of soap and water. If skin irritation or rash occurs: Get medical advice/attention.

 : Rinse immediately with plenty of water. Remove contact lenses, if present and easy to do. Continue rinsing.

First-aid measures after ingestion	:	Rinse mouth with water. Do NOT induce vomiting. Immediately call a poison center or
-		doctor/physician.

4.2. Most important symptoms and effects	both acute and delayed	
Symptoms/injuries	Not expected to present a significant hazard under anticipated conditions of normal use.	
Symptoms/injuries after inhalation	May cause respiratory irritation.	
Symptoms/injuries after skin contact	: May cause an allergic skin reaction. Repeated exposure may cause skin dryness or cracki	ing.

Safety Data Sheet Symptoms/injuries after eye contact : Direct contact with the eyes is likely irritating. Symptoms/injuries after ingestion : Gastrointestinal complaints. Cramps/uncontrolled muscular contractions. Nausea. Vomiting. Indication of any immediate medical attention and special treatment needed No additional information available **SECTION 5: Firefighting measures** 5.1. Extinguishing media Suitable extinguishing media : All extinguishing media allowed. 5.2. Special hazards arising from the substance or mixture Reactivity Under fire conditions may produce gases such as hydrogen chloride and oxides of carbon and nitrogen. 5.3. Advice for firefighters Exercise caution when fighting any chemical fire. Use water spray or fog for cooling exposed **Firefighting instructions** containers. Take account of environmentally hazardous firefighting water. Protection during firefighting Do not enter fire area without proper protective equipment, including respiratory protection. **SECTION 6: Accidental release measures** 6.1. Personal precautions, protective equipment and emergency procedures General measures Isolate from fire, if possible, without unnecessary risk. 6.1.1. For non-emergency personnel Protective equipment : Safety glasses. Gloves. Protective clothing. Emergency procedures Evacuate unnecessary personnel. Avoid contact with skin, eyes and clothing. Ventilate spillage area. 6.1.2. For emergency responders Protective equipment : Equip cleanup crew with proper protection. Emergency procedures Stop leak if safe to do so. Stop release. Ventilate area. 6.2. Environmental precautions Avoid release to the environment. Prevent entry to sewers and public waters. 6.3. Methods and material for containment and cleaning up For containment : Contain released substance, pump into suitable containers. Methods for cleaning up : This material and its container must be disposed of in a safe way, and as per local legislation. 6.4. Reference to other sections No additional information available **SECTION 7: Handling and storage** 7.1. Precautions for safe handling Comply with the legal requirements. Do not handle until all safety precautions have been read and Precautions for safe handling understood. Use personal protective equipment as required. Do not eat, drink or smoke when using this product. Hygiene measures Wash thoroughly after handling. Contaminated work clothing should not be allowed out of the workplace. Wash contaminated clothing before reuse. 7.2. Conditions for safe storage, including any incompatibilities Technical measures Comply with applicable regulations. Storage conditions : Keep container closed when not in use. Incompatible products Oxidizing agent. strong acids. Strong bases. Storage area Meet the legal requirements. Store in a cool area.

Special rules on packaging : meet the legal requirements. Keep only in original container.

SECTION 8: Exposure controls/personal protection

No additional information available

8.2. Exposure controls

Personal protective equipment

SECTION 9: Physical and chemical properties

Safety Data Sheet

SECTION 7. Thysical and chemical pro	operates
9.1. Information on basic physical and chemica	
Physical state	: Solid
Appearance	: Blue. Opaque. Spheres.
Odor	: Fresh
Odor threshold	: No data available
pH	: No data available
Melting point	: No data available
Freezing point	: No data available
Boiling point	: No data available
Flash point	: No data available
Relative evaporation rate (butyl acetate=1)	: No data available
Flammability (solid, gas)	: No data available
Explosion limits	: No data available
Explosive properties	: No data available
Oxidizing properties	: No data available
Vapor pressure	: No data available
Relative density	: No data available
Relative vapor density at 20 °C	: No data available
Specific gravity / density	: 1.05 g/ml Beads only, not including bag
Solubility	: No data available
Log Pow	: No data available
Log Kow	: No data available
Auto-ignition temperature	: No data available
Decomposition temperature	: No data available
Viscosity	: No data available
Viscosity, kinematic	: No data available
Viscosity, dynamic	: No data available

SECTION 10: Stability and reactivity

10.1. Reactivity

Under fire conditions may produce gases such as hydrogen chloride and oxides of carbon and nitrogen.

10.2. Chemical stability

No additional information available

10.3. Possibility of hazardous reactions Refer to section 10.1 on Reactivity.

10.4. Conditions to avoid No additional information available

10.5. Incompatible materials No additional information available

SECTION 11: Toxicological information		
11.1. Information on toxicological effects		
Acute toxicity	: Not classified	
Skin corrosion/irritation	: Not classified	
Serious eye damage/irritation	: Not classified	
Respiratory or skin sensitization	: May cause an allergic skin reaction.	
Germ cell mutagenicity	: Not classified	
Carcinogenicity	: Not classified	
Reproductive toxicity	: Not classified

SECTION 7. Thysical and chemical pro-	operties
9.1. Information on basic physical and chemica	
Physical state	: Solid
Appearance	: Blue. Opaque. Spheres.
Odor	: Fresh
Odor threshold	: No data available
рН	: No data available
Melting point	: No data available
Freezing point	: No data available
Boiling point	: No data available
Flash point	: No data available
Relative evaporation rate (butyl acetate=1)	: No data available
Flammability (solid, gas)	: No data available
Explosion limits	: No data available
Explosive properties	: No data available
Oxidizing properties	: No data available
Vapor pressure	: No data available
Relative density	: No data available
Relative vapor density at 20 °C	: No data available
Specific gravity / density	: 1.05 g/ml Beads only, not including bag
Solubility	: No data available
Log Pow	: No data available
Log Kow	: No data available
Auto-ignition temperature	: No data available
Decomposition temperature	: No data available
Viscosity	: No data available
Viscosity, kinematic	: No data available
Viscosity, dynamic	: No data available

SECTION 10: Stability and reactivity

10.1. Reactivity

Under fire conditions may produce gases such as hydrogen chloride and oxides of carbon and nitrogen.

10.2. Chemical stability

No additional information available

10.3. Possibility of hazardous reactions Refer to section 10.1 on Reactivity.

10.4. Conditions to avoid No additional information available

10.5. Incompatible materials No additional information available

SECTION 11: Toxicological information			
11.1. Information on toxicological effects			
Acute toxicity	: Not classified		
Skin corrosion/irritation	: Not classified		
Serious eye damage/irritation	: Not classified		
Respiratory or skin sensitization	: May cause an allergic skin reaction.		
Germ cell mutagenicity	: Not classified		
Carcinogenicity	: Not classified		
Reproductive toxicity	: Not classified		

Brisk Beads – Watermelon

Safety Data Sheet	CORP
Specific target organ toxicity (repeated exposure)	: Not classified
Aspiration hazard	: Not classified
Symptoms/injuries after inhalation	: May cause respiratory irritation.
Symptoms/injuries after skin contact	: May cause an allergic skin reaction. Repeated exposure may cause skin dryness or cracking.
Symptoms/injuries after eye contact	: Direct contact with the eyes is likely irritating.
Symptoms/injuries after ingestion	: Gastrointestinal complaints. Cramps/uncontrolled muscular contractions. Nausea. Vomiting.
SECTION 12: Ecological information	n .
12.1. Toxicity	
No additional information available	
12.2. Persistence and degradability	
No additional information available	
12.3. Bioaccumulative potential	
No additional information available	
SECTION 13: Disposal consideration	ns
13.1. Waste treatment methods	
Waste disposal recommendations	: Dispose in a safe manner in accordance with local/national regulations.
SECTION 14: Transport information	n
Department of Transportation (DOT) In accordance with DOT : Not regulated	for transport
Additional information	
Other information	: No supplementary information available.
ADR	
No additional information available	
Transport by sea No additional information available	
Air transport	
No additional information available	
SECTION 15: Regulatory information	on second se
All components of this product are listed, or Control Act (TSCA) inventory	excluded from listing, on the United States Environmental Protection Agency Toxic Substances
	oxic chemical or chemicals in excess of the applicable de minimis concentration as specified in 40 uirements of section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986

and 40 CFR Part 372.

California Proposition 65 - This product does not contain trace quantities of a substance(s) known to the state of California to cause cancer and/or reproductive toxicity

SECTION 16: Ot	her information
Training advice	: Normal use of this product shall imply use in accordance with the instructions on the packaging.
Full text of H-phrases	S.
Skin Sens. 2	Skin sensitization Category 1
H317	May cause an allergic skin reaction
NFPA health hazard NFPA fire hazard NFPA reactivity	 1 - Exposure could cause irritation but only minor residual injury even if no treatment is given. 1 - Must be preheated before ignition can occur. 0 - Normally stable, even under fire exposure conditions, and are not reactive with water.

SECTION 5: Firefighting measur	es
5.1. Extinguishing media Suitable extinguishing media	: All extinguishing media allowed.
5.2. Special hazards arising from the su	bstance or mixture
Reactivity	 Under fire conditions may produce gases such as hydrogen chloride and oxides of carbon and nitrogen.
5.3. Advice for firefighters	
Firefighting instructions	 Exercise caution when fighting any chemical fire. Use water spray or fog for cooling exposed containers. Take account of environmentally hazardous firefighting water.
Protection during firefighting	: Do not enter fire area without proper protective equipment, including respiratory protection.
SECTION 6: Accidental release n	neasures
6.1. Personal precautions, protective eq	uipment and emergency procedures
General measures	: Isolate from fire, if possible, without unnecessary risk.
6.1.1. For non-emergency personnel	
Protective equipment	: Safety glasses. Gloves. Protective clothing.
Emergency procedures	: Evacuate unnecessary personnel. Avoid contact with skin, eyes and clothing. Ventilate spillage area.
642 For amore and read and	
6.1.2. For emergency responders	. Equip closer up arow with proper protection
Protective equipment	: Equip cleanup crew with proper protection.
Emergency procedures	: Stop leak if safe to do so. Stop release. Ventilate area.
6.2. Environmental precautions	
Avoid release to the environment. Preven	nt entry to sewers and public waters.
6.3. Methods and material for containm	
For containment	: Contain released substance, pump into suitable containers.
Methods for cleaning up	: This material and its container must be disposed of in a safe way, and as per local legislation.
6.4. Reference to other sections	
No additional information available	
SECTION 7: Handling and storag	ge
7.1. Precautions for safe handling	
Precautions for safe handling	: Comply with the legal requirements. Do not handle until all safety precautions have been read and understood. Use personal protective equipment as required. Do not eat, drink or smoke when using this product.
Hygiene measures	: Wash thoroughly after handling. Contaminated work clothing should not be allowed out of the workplace. Wash contaminated clothing before reuse.
7.2. Conditions for safe storage, including	
Technical measures	: Comply with applicable regulations.
Storage conditions	: Keep container closed when not in use.
Incompatible products	: Oxidizing agent. strong acids. Strong bases.
Storage area	: Meet the legal requirements. Store in a cool area.
Special rules on packaging	: meet the legal requirements. Keep only in original container.
